Dear Rob

Thank you so much for all your help with our documentary on the Yukon River Quest 2002. It was great to be able to spend 10 days filming with you on the boat and we really appreciated your willingness to adapt to our ever changing plans. The food was excellent - we all still remember the fish and steak barbecue on Lake Laberge - and the warm welcome we received meant the filming went very smoothly.

We're really sorry we didn't catch up with you at the end of the race. It would have been great to have a beer but it all got a bit hectic and time slipped away from us as usual.

Thanks again for making our Yukon trip such a fantastic experience. We've got some great footage for the documentary and I'll send you a copy once it's finished.

Best Wishes
